

## **Board of Directors – Job Posting**

Updated: November 2023

If you are a conscientious innovator and strategic leader who is committed to our mission of “Building financial empowerment together”, we welcome you to join Rivermark’s Board of Directors.

At Rivermark Community Credit Union, service to our members is at the heart of everything we do. During your 3-year term as a paid board member, you will provide independent, executive level oversight on behalf of our 90,000 members. You will be an active participant in developing the credit union’s strategic direction, ensuring sound governance of the organization, and delivering on our vision.

Our board members are curious, focused on making an impact, and all-around exceptional professionals who ensure we live out the credit union philosophy of ‘people helping people’ each and every day.

At Rivermark, we are committed to fostering, cultivating and preserving a rich culture of diversity, equity and inclusion that supports and celebrates a broad range of voices and encourage new and bold perspectives. We want our leadership to reflect the diversity of our community and encourage women, BIPOC, LGBTQ, and candidates from other under-represented groups to apply.

Successful candidate qualifications:

- Understanding of the credit union difference, Rivermark’s membership and community impact.
- Knowledge of financial reporting, internal controls, and utilization of data in decision making.
- Familiarity with technological advancements relevant to the credit union industry including digital banking platforms, data strategy and analytics and AI.
- Familiarity with cybersecurity.
- Strong planning, time management and execution skills.
- Willingness to challenge the status quo; ability to critically examine and question issues and reporting.
- Strong collaboration and communication skills.
- Experience in advocating for organization interests in legislative and regulatory matters is useful
- Willingness to actively contribute to committee and board activities, including packet review and meeting preparation.
- Useful experiences: Experience working in a highly regulated industry, cyber security, data security, or AI.
- Live/work in the Oregon and SW Washington counties within our field of membership.
